

TAKE YOUR LISTENING EXPERIENCE TO THE 'XM' DEGREE

XM SATELLITE RADIO ANTENNA

BOATS | BUILDINGS | RVs

NEW

Model #233-XM-50

Harness the power of XM Satellite Radio, America's number one satellite radio provider, on your boat, RV or in your home/office. Digital Antenna's new 233-XM-50 Satellite Antenna provides crystal clear reception of your favorite XM satellite radio channels anywhere in the continental United States, Canada, and up to 250 miles offshore.

Tested to withstand extreme environmental conditions, the 233-XM-50's UV stable acrylic sealed dome is impervious to damage caused by bad weather and salt water. 233-XM-50 is sold complete with a stainless steel 1"-14 mount and stainless steel mounting ferrule, 50' cable with factory-attached connectors and adapter cable. The unit also features a built in internal ground plane (3.5" diameter).

Boaters will benefit from XM Satellite Weather's instantly updated weather information (nationwide radar, sea surface temperatures, lightning display and GPS capability) – getting you back to the dock safely.

Digital Antenna ... GO FURTHER in your listening experience.
